The U.F.A. Picnic at Rodney on Tuesday last was well attended, the people flocking in from all directions. Mr. H. W. Wood, Provincial President was present for a few hours. He did not give any speech but visited with the people in a pleasant friendly manner. Mr. McVicar, a former schoolteacher at Rodney, but now at Erskine, was present, as also were the Russells, whose residence is now in the Keoma district. In addition to the races, two ball games were played, the first between Hawkeye and Rodney, and the second between Rodney and Floral. As darkness stole down upon the scene of the contest Floral was in the lead. Mr. Huser proved himself a very brave and capable umpire. The day being very hot ice cream disappeared with marvellous rapidity. Mr. M. Haynes, President of the Rodney U.F.A., and all associated with him are to be congratulated on the success of this pleasant community gathering.

**Organization Meeting  
of the Rosebud  
District Y.M.C.A.**

Last Thursday afternoon at Olds, the Rosebud Y.M.C.A. District including the towns of Innisfail, Olds, Didsbury, Crossfield and Aldrie, was organized at a Convention called to discuss the proposition. Meetings of interested men had already been held in the different towns and a desire had been expressed to have a Y.M.C.A. established. The following men were present as delegates: Innisfail, A. Aspinall, Rev. P. Fisher, Dr. Gribble, and G. T. Ingham; from Olds, O. S. Moore, Rev. G. G. Webber, Rev. S. H. Short, H. E. Pearson, H. W. Chambers and Rev. D. MacGregor. Owing to previous engagements, the delegates from Crossfield and Aldrie were unable to attend but sent word their towns wanted to be included.

Before the convention opened, the delegates were entertained at a most delicious luncheon served by the ladies of the Presbyterian Church in the School-room of the Church.

After brief addresses had been given by the chairman W. K. Gibson, and Ald. O. S. Moore welcoming the delegates to Olds, C. B. McKinnon, O. D. Austin and C. D. Thornton, members of the Y.M.C.A. territorial staff, dealing chiefly with the matters of the aims, principles and methods of Rural Y.M.C.A. work, it was moved by Mr. Reed of Didsbury and seconded by Mr. Aspinall of Innisfail, that the proposal be approved and organization be proceeded with. The following were appointed to the district direct-organizer for Olds, L. E. Smith, R. A. Craig, O. S. Moore, E. L. Grimes and A. C. Bury; for Didsbury, P. R. Reed, W. J. Hilliard, W. Miller, N. S. Clarke and H. E. Pearson; for Innisfail, A. Aspinall, J. W. Currie, D. E. R. Ewer, Dr. A. T. Turner

and A. Lennox. The members for Crossfield and Aldrie will be chosen later.

It was decided to start at once to secure the necessary funds to finance the Association and as soon as that is done a Secretary who will devote his entire time to the work will be called. Pending a meeting of the district committee, L. H. Smith and R. A. Craig were named provisional chairman and secretary-treasurer to carry out the financial campaign. Olds was selected as headquarters for the district.

The type of work done by the Rural Y.M.C.A. will no doubt appeal to the people of this community and will be welcomed especially by the young men and boys.

At the little stream she paused. A single log was the only bridge, and although the water was not deep it ran swiftly, and still with the coldness of its glacial source. She ventured along the log, but near the centre she was seized with an acute sense of her temerity. Perhaps she had been foolish in attempting this passage without the aid of a stick. A stick, which could be shoved against the gravel below that blue water, would have been a very practical aid. Suddenly, the splashing of the mill was transmitted to the body. She felt an impetuous desire to fall upstream, which she resisted so successfully that she promptly fell down stream. The water was deeper than it looked, and colder than it looked, and when she scrambled up the farther bank she was a very wet young woman indeed. She was conscious of a deep annoyance toward young Ed. A fine bride, that! She would tell him—but this thought died at its birth with the consciousness that Ed. would be amused over the incident, and would be at little pains to disguise his merriment. And then she laughed and ran along the road.

The grips were duly found, and Irene congratulated herself that she and her father were in the habit of travelling with equipment for over-night. A fine bride, that! She would tell him—but this thought died at its birth with the consciousness that Ed. would be amused over the incident, and would be at little pains to disguise his merriment. And then she laughed and ran along the road.

Once during the evening she took a glance into the other room. It was even less inviting than Dave's, with walls bare of any adornment save dirty garments that hung from nails driven in the logs. On the rude bed lay an old man; she could see only part of his face; a grey mouth hanging open, and a hand, and a florid cheek turned to the glow of the setting sun. On a chair beside the bed sat a bottle, and the room reeked with the smell of breath charged with alcohol. She gently closed the door, and

busied herself through the long evening with reforms in the kitchen, and with little ministrations designed to relieve the sufferings of the father-in-law.

The sun sank behind the Rockies, and a darkness, soft and mystical and silent, stole up the valley, hushing even the noisiest day. Presently the glow of the rising moon bared in sudden effulgence over the foothills to the east, first with the effect of fire upon their crests, and then as a great, slowly-whitening ball soaring high into the faithless heaven. The girl stood framed in the open window, and the moonlight painted her face to the purest ivory, and toyed with the rich brown fastness of her hair, and gleamed from a single ornament at her throat. And she thought of the young horseman galloping to town; of the calm night, and the eerie depths of the valley communicated to her a fantastic admiration for his skill and bravery. She was under the spell. She was in a new world, where were manhood, and silence, and the realities of being; and moonlight, and great gulfs of shadow between the hills, and large, friendly stars, and soft breezes pushing this way and that without direct direction, and strange, quiet noises from out of the depths, and the incense of the evergreens, and a young horseman galloping into the night. And conventions had been swept away, and it was correct to live, and to live!

### CHAPTER II.

The first flush of dawn was mellowing the eastern sky when the girl was awakened from uneasy sleep by sounds in the yard in front of the ranch house. She had spent most of the night by her father's side, and although he had at last prevailed upon her to seek some rest for herself, she had done so under protest and without undressing. Now, after the first dazed moment of returning consciousness, she was on her feet and through

The stars were still shining brightly through the cold air. In the faint light she could distinguish a team and wagon, and men un hitching. She approached, and in a voice that sounded strangely distant in the vastness of the calm night, called, "Is that you, Dave?"

And in a moment she wondered how she had dared call him Dave. But she soon had other cause for wonder, for the boy replied from near beside her, in that tone of friendly confidence which springs so spontaneously in the darkness, "Yes, Reenie, and the doctor, too. We'll have Mr. Hardy fixed up in no time. How did he stand the night?"

How dared he call her Reenie? A flush of resentment rose in her breast only to be submerged in the sudden remembrance that she had first called him Dave. That surely gave him the right to address her as he had done, with this thought came recognition of the curious fact that Dave had not presumed upon her frankness; that it was not by her word that he would attempt to justify his. Indeed, she was convinced that he would have called her Reenie anyway—just as she had called him Dave, without premeditation or intention. Then she remembered she was in the ranch country, in the foothills, where the conventions—the conventions she hated—had not yet become rooted, and where the souls of men and women stood bare in the clear light of frank acceptance of the fact. It would be idle—dangerous—to trifle with this boy by any attempt at concealment or deception. And what was so conspicuous but a recognized formula of concealment and deception?

She could see his form now, as he led the horses toward the corral. How straight he was, and how bravely his footsteps fell on the hard earth! The poetry of his motion reached her through the darkness. She heard the harness jingle as the horses rubbed between the posts of the corral gate. "It's a wonderful boy," said the doctor, of whose presence she had been unconscious. "Cat's eyes. Full gallop through the dark; side hills, mountain streams, up and down. Break-neck. Well, here we are." The doctor breathed deeply as though this last feat were one to occasion some wonderment. "Your brother tells me you have an injured man here: accident, stranger, I believe? Well, shall we go in?"

Brother! But why should she explain? Dave hadn't bothered. Why hadn't he? He had told about the stranger; why had he not told about

## Heart Palpitated Could Count Every Beat

When the heart begins to palpitate it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells. When the heart gets into this condition, you become weak, worn and miserable, and are unable to attend to either social, business or household duties.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements. Mrs. Walter Groves, Appleton, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat."

I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this notice will come to someone who is suffering the way I did.

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

both strangers? Why had he ignored her altogether? This time came another flush, born of that keen womanly intuition which understands.

With a commonplace "Let the doctor into the house and to the bedside of her father. She was struck by the change in attitude of the visiting physician when he learned that his patient was of his own profession. It was like the meeting of brothers in a secret order. There was an exchange of technical terms that might have served as password or sign into some fine fraternity, and the setting of the limb was accompanied by a running fire of professional comment as effective upon the nerves of the sufferer as an opiate.

When the operation was completed the girl turned her attention to the kitchen, where she found Dave, sweating in vicarious suffering. He had helped to draw the limb into place, and it had been his first close contact with human pain. It was different from branding calves, and he had slipped out of the room as soon as possible. The morning sun was now pouring through the window, and the distraught look on the boy's face touched her even more than the frankness of the words spoken in the darkness. She suddenly remembered that he had been up all night—for her. She would not deceive herself with the thought that it was for her father's sake Dave had galloped to town, found a doctor, secured a fresh team and driven back with the little-used foothill trails. She recalled the doctor's terse description of that journey. No doubt Dave would have done it all for her father had her father been there alone, but as things were she had a deep conviction that he had done it for her. And it was with a greater effort than seemed reasonable that she laid her fingers on his arm and said, "Thank you, Dave."

"What?" he asked, and she could not doubt the genuineness of his question.

"Why, for bringing the doctor, and

## Hurrah! How's This

Cincinnati authority says comes "dry up and lift out with fingers."

Hospital records show that every time you get a corn you invite lockjaw or blood poisoning, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezeone can be obtained at little cost from the drug store, and is sufficient to rid the foot of every hard or soft corn or callus.

You simply apply a few drops of freezeone on a corn and the corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, and all is well.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn with no further irritation of the surrounding tissue of skin.

By the way, your wife wears high heels she will be glad to know of this.

all that. Driving all night on those awful roads. We left off them in daylight. I am sure I can't—Father would never permit it."

"Oh, shucks," he interrupted, with a manner which, on the previous afternoon, she would have called rudeness. "That's nothing." But say, I brought home some grub. The chuck here was pretty tame, guess you found that out last night." He looked about the room, and she knew that he was taking note of her housecleaning, but he made no remark on the subject.

"Well, let's get breakfast," she said, after a moment's pause, and for lack of another conversation "You must be hungry."

Dave's purchases had been liberal. They included fresh meat and vegetables, canned goods, coffee, rice and raisins. He laid the last three items on the table with a great dissembling of indifference, for he was immensely proud of them. They were unwanted treats on the Eldon bill of fare; he had bought them especially for her. From somewhere the knowledge had been borne in upon him that city people frequently drink coffee for breakfast, and the rice and raisins, they were an inspiration quite his own. He would see what she could do with them. But she busied herself at the breakfast without a thought of the epoch-marking nature of these purchases.

"Do you milk?" she asked, presently.

"Milk what?" he demanded, pausing with stove-lid and litter raised in his hand, in the he-completed act of putting wood on the fire.

"Dave!" she cried. "Put that lid down! Look at the smoke." A blue cloud was curling under the rafters. "Yes," he said, with great composure, "I always smoke in this country." She shot a quick glance at him. Was he making fun of her? No, plainly not; he was just making fun with her; he had a vein of humor. And a little before she had found his face drawn in sympathy for her father. Perhaps for her. He was not all on the surface.

He completed his operation at the stove and returned the lid to its place with no lack of deliberation. He was evidently waiting for her, to speak again, but she worked on in silence. (To Be Continued.)

### Over Sea And Back In A Day

Speedy Air Voyages Forecast by Lieut.-Commander Read

New York.—That within three years, with the interest and co-operation of the American flying club prevailed during the war, it will have become the custom to travel to Europe by airship and not at all uncommon to go over in the morning and return in the afternoon, was forecast by Lieutenant-Commander Albert C. Read, of the NC-4, at a dinner given in honor of him, Commander John T. Towers of the NC-3, Lieutenant-Commander N. L. Bellinger of the NC-1, and their crews, by the American Flying Club at the Hotel Commodore.

Commander Read told of the enthusiasm for flying which he found in England and France, and expressed his astonishment to find such a lack of general feeling toward aviation on his return to the United States.

### Krupps Appeal To Workers

By Strikes Important Orders Have Been Lost

Essen, Germany.—Krupps' works have had issued a statement to their workers, drawing attention to the fact that by their strikes and the consequent unrest in Germany important orders have been lost. A case has been cited of a contract with a great Dutch concern, which was lost and went to England, despite the much lower price quoted by Germany, because the Dutch mistrusted the ability of Krupp's to carry out the contract. Similarly, steel deliveries for the Norwegian steel railway were given to an American firm, this also at a far higher price.

Saskatchewan contributed \$21,336, or a little more than one-half of the whole amount subscribed in Canada, on an account of the agricultural relief of the allies fund, according to figures received from the deputy minister of agriculture at Ottawa.

## Huge Vote For Building Ships

Thousands of Dollars Voted for Public Works All Over the Dominion

Ottawa.—In the House of Commons, the Minister of Finance, Sir Thomas White, tabled supplementary estimates totalling \$36,723,120, which will be voted by Parliament before prorogation. The chief item is one of \$400,000 for the construction of vessels in accordance with the government's shipping program. Many thousands of dollars are voted for public works all over the Dominion, and also for harbor and river improvements, including \$500,000 for a new dry dock at Esquimaux, British Columbia, and harbor improvements at Port Arthur and Fort William, Ontario, as well as at Toronto, Quebec, and St. John, New Brunswick. The amount to be voted \$23,494,256 is chargeable to current revenues, and the remainder to capital account.

Probably no man ever wanted to earth more than the one who is making his first trip across the pond.

## NERVOUS PROSTRATION

May Be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my household work and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and it will guarantee they will derive great benefit from it."—Mrs. Frank Fitzgerald, 26 N. 41st Street, West Philadelphia, Pa.

These are some of the women everywhere who Mrs. Fitzgerald's condition, suffering from nervousness, backache, headache, and other symptoms, was a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done. ## Germans Ratify Treaty With Very Bad Grace

Weimar.—In the debate which preceded the vote of the national assembly ratifying the peace treaty, some strong sentiments against the terms were expressed, and 99 deputies abstained from voting on the treaty. Most of the ministers were present at the meeting of the assembly, and there was a full attendance of deputies. Dr. Hermann Mueller, the foreign minister, in introducing the government bill, explained that hastening of the ratification order would bring about the lifting of the blockade.

"We are about to enter upon a 40 years' march through dirt," he said. "I can find no other term for the path of suffering fulfillment of the treaty presented for us."

Dr. Peter Spaan, leader of the Catholic centre party, said: "We agree to the treaty under hard compulsion, to save ourselves from anarchy and to preserve the fatherland from internal ruin."

Herr Kreizing, Socialist; Professor Schuecking, Democrat; Dr. Traub, national party, and Herr Kahl, people's party, all spoke violently protesting the injustice of the treaty, the impossibility of its fulfilment and declaring that the day of Germany's liberation would come.

These speeches were greeted with such turbulent applause and hand-clapping that the president of the assembly, Herr Fehrenbach, called attention to the fact that hand-clapping was against the rules, with similar speeches by other members and similar applause.

The national party introduced an amendment in favor of ratifying the treaty with the reserve that the sanction of the international law experts of repute be first obtained concerning articles 227 to 230, and that a court be created to investigate the responsibility for the war.

In the course of the debate President Fehrenbach protested against Alsace-Lorraine being torn from Germany. He said that the treaty of 1871 simply made good what had been taken from Germany 150 years before. He hoped that the people of Alsace-Lorraine would preserve their German character, customs, etc.

## British Army Won The War

Emphatic Statement By Sir Douglas Haig on British Army Achievements

London.—(Field Marshal) Haig, receiving the freedom of Newcastle, deprecated the tendency to minimize the British army's achievements in the war.

"It is right to speak of our allies," he declared, "but it was the British army that won the war; it was Britain that bore the brunt of the fighting in the last two years. I hope everyone will realize the fact and stick by the fellows who fought and suffered and their dependents."

## Labor Unrest In Italy

Repression of Disorders By Military Methods Resented By Labor Leaders

Rome.—The chamber of labor has proclaimed a general strike as from midnight Tuesday as a sign of protest against the police and military measures adopted by the government to prevent further disorders. The chamber of labor maintains that these measures were adopted to prevent the lowering of the price of necessities, as demanded by the people.

The strike was not quite general, because only the Popolo Romano published the decision of the chamber of labor to call a strike.

The food shops were examined with people buying provisions in fear of being caught with scanty supplies.

Some Sightings on Bolshevism New York.—The arrest of President Wilson and J. D. Rockefeller, the formation of soviet organizations throughout the country to take over the government were advocated in the anarchistic bulletin, according to Archibald Stevenson, who produced a copy of the bulletin at the hearing of the Lusk investigating commission.

## Hidden Bravery To Be Rewarded

Recommendations for Awards Must Be Sent to Ottawa By End of August

Ottawa.—Officers and soldiers of the Canadian Expeditionary Force who displayed gallantry while escaping or attempting to escape from the enemy, or who rendered exceptional services whilst prisoners of war or interned, are eligible for a reward.

An order of the Militia Department just issued states that recommendations for such reward may now be submitted. The facts supporting each recommendation must be substantiated by statements of evidence from at least two witnesses who have first-hand knowledge of the case, and should reach militia headquarters before August 31. Officers and soldiers who are still serving should submit their claims through the usual official channels. The claims of those who have been demobilized should be presented through the officer commanding the military district in which they live.

## Fall Harvesting Starts In Ontario

Crops on the Whole Are Very Poor This Year

Toronto.—Fall wheat harvesting has already commenced in a few counties, according to the Ontario crop report, issued by the department of agriculture.

Owing to the length of straw, some of the grain has been knocked down. In some sections, fears were that grain was ripening too fast, but the yield will be higher.

Winter rye is ready for the binder. Crops on the whole are very poor. Some sections report practically a failure. The fields are uneven, and on account of the dry weather, grain is heading out at a foot and less in height.

## Many Jews Killed

Ukrainian Anti-Bolshevist Commander Shows Cruelty

London.—Many Jews have lost their lives in the course of the operations between the Russian soviet forces and those of General Gregoroff, commander of the Ukrainian anti-Bolshevist army, which has been fighting its way northward from the Black Sea. Cecil Harmsworth, under-secretary for foreign affairs, said in the house of commons in replying to a question. General Gregoroff, the under-secretary said, was stated to be strongly anti-Jewish in his sympathies.

## Has No Plans for His Future

Toronto.—Sir Thomas White, who is at his home in Toronto for a few days, stated that reports which have appeared and are appearing in the press, to the effect that he had been offered and accepted an executive position with some railway corporation or bank, or life insurance company, were entirely without foundation and were unfair to the men occupying the positions which have been mentioned. The minister stated that he had made no financial plans whatever for the future.

## \$35,000,000 for Six Airships

London.—Six rigid airships of an improved type, representing successive stages of development, are under construction for the British navy, it was disclosed in the House of Commons by Walter Hume Long, First Lord of the Admiralty. These airships, he stated, would cost £7,000,000.

## Hun Mob Releases Prisoners

Berlin.—A mob attacked the castle and the detention prison at Hanover and released all the prisoners in the buildings. The guards, it is said, surrendered their arms without resistance. Some fighting occurred between the crowds and government soldiers.

## Britain Has Rivals Amongst Colonies

Preference Within the Empire Only Against Foreigners

London.—In the house of commons R. P. Houston, member for the West Toxteth division of Liverpool, asked why the South African government had recently placed in the United States orders for 44,000 tons of rails, 1,000 cars and 250 trucks, and in the U.S. and Canada orders for 70 large locomotives instead of in Great Britain, in view of the necessity of employment of the people here and of maintaining Britain's export trade.

H. L. C. S. Amery, under-secretary for the colonies, said some of these orders had been placed before the armistice had been signed, when it was impossible for Great Britain to supply railway material. British offers respecting the price and date of delivery of the 70 locomotives had been so unfavorable that South Africa had been obliged to go further afield. He was glad to say 40 of them had been ordered in Canada.

Mr. Amery continued that in view of Mr. Houston's question, which seemed doubtless to unintentionally imply that it was undesirable that the South African government should purchase material from Canada rather than Great Britain, he recalled that a policy on which the government of the empire were agreed was that of preference "contra" for produce and manufacture of the empire, and not merely of the United Kingdom.

Great Britain could not expect preference from other empire governments, except as against foreign countries. Mr. Amery said he understood the South African government actually had done its very best to place orders in Great Britain and had negotiated at length with manufacturers.

## Reds Prepare To Evacuate Petrograd

Allied Powers Will See Kolchak Movement Carried Through

Washington.—Definite information that the Bolshevik authorities are planning to evacuate Petrograd has been received in official circles here. Decision to quit the capital was said to have been violently opposed by some elements of the government.

Paris.—Approval of a plan for a concerted attack upon Petrograd by Finnish forces and the troops of the Kolchak government at Omsk, was given by the council of five.

A joint note has been sent the military attaches of Great Britain, France, United States and Italy at Helsinki, instructing them to support the Finnish government, if it decided to accede to the request of Admiral Kolchak to assist him in the campaign.

There is no indication that the allied and associated powers propose to go further at the time in helping Kolchak's plan, but their action in supporting the Finns is regarded as equivalent to assurances that they will see the Kolchak movement carried through.

Helsinki.—It is reported that foreign embassies, legations and consulates in Petrograd have been occupied by Bolshevik forces. The archives have been seized, it is said, and those in charge have been arrested and handed over to an extraordinary committee dealing with charges of espionage against the soviet government.

Troops Overseas Now Total 32,000

London.—With the sailing of the Carnarvon July 5, with 2,954 troops, and the sailing of the Tunisian on the same day with 268 troops, 255,413 Canadians have been repatriated since the date of the armistice.

The number of Canadians overseas, both in the British Isles and France, is now approximately 32,000. This, of course, includes hospital staffs.

## Urge Peace Quickly

Rome.—Premier Nitti, in a speech before parliament, urged that the peace negotiations be concluded, and that friendly relations with the allies, especially France, be maintained.

## Facing Terrible Cost Through High Taxation

### Failed To Get Knighthood

Charles Hannan Asserts He Got No Reward for Devising the Smoke Box Screen Defence

London.—Charles Hannan, the author, has issued the text of curious correspondence between himself and the government regarding his claim to be an inventor of smoke boxes against submarine attack.

Mr. Hannan claims his invention was adopted, but his stipulation that the reward should be a "good-old-fashioned knighthood and pension equivalent," was ignored.

In February he was informed it was not found possible to include your name in the present honors list, but when the next one is prepared you shall again receive consideration."

However, no knighthood was forthcoming, and Mr. Hannan now presents the correspondence to the public.

## Many Labor Candidates

Labor Party in Winnipeg Will Try for Victory at the Polls

Winnipeg.—At a largely attended meeting of the Labor party, over which S. J. Farmer presided, it was decided to nominate candidates for every seat in Winnipeg and the territory immediately surrounding the city for the Dominion parliament and the provincial legislature, also to nominate candidates for the mayoralty and every seat on the city council and on the public school board.

A convention is being arranged for August.

## Minimum Wage for Office Help

Winnipeg.—The work of the Manitoba minimum wage board is being brought to a close so far as the fixing of minimum wages is concerned, with the announcement of a proposed minimum wage of \$12.50 per week to women in offices, and \$12 to female help in theatres.

It has covered approximately 6,000 women in industry in Winnipeg, and has affected about forty industries. Dr. W. J. McMillan, chairman, sent in his resignation to the government, and it has been accepted.

Berlin.—Germany is to quickly return to a peace time financial system, said Matthias Erzberger, vice-chancellor and minister of finance, speaking at Weimar before the German national assembly. Among other things, the payment of grants to men who are unemployed will be reduced, it was indicated during his address.

"The empire's needs must be divided henceforth between home needs and indemnities," he said.

"The burdens of taxation will reach an absolutely terrible height. A floating debt of 72,000,000 marks is a constant danger, and the removal of this debt is one of our most urgent tasks. There are two ways in which to do it—either its conversion into a funded loan, or its extinction by big levies and a heavy property tax. I do not indulge the hope that these two ways will immediately yield the entire liquid amount of 72,000,000 marks. It is the duty of conquered people not only to bow to a state of compulsion, but to achieve an inward conviction as to the necessity of giving up all riches and all that is superfluous.

"Changes in the system of taxation will be speedily submitted to the national assembly, and this reform will represent the completion of the whole work.

"The world has denied us international justice. All more passionately and energetically, however, will we work for the home land again, and flourishing in justice, concentrate our care and endeavor upon the poor, but just German.

"One of the first requirements relative to the restoration of the life of labor is the establishment of orderly finances. I will have nothing to do with suggestions for the annulment of war loans and a declaration of general bankruptcy. My highest aim is to administer justice in the entire taxation system. The income from capital must be taxed much more heavily than the income from work. An inheritance tax and a heavy tax levy on property will be the initial steps that will be taken. The empire's income must be increased nine hundred per cent, and that of individual states and communes one hundred per cent. Such enormous changes require fresh measures."

## Fight Pictures Unfit for Public

Columbus, O.—The Willard-Dempsey fight pictures may never be seen in public. In Ohio at least, they will not be placed on exhibition. The Ohio censor board officially rejected the pictures as being unfit to be exhibited in public. The probability of the pictures being shown in other states is believed to depend on what construction is to be placed upon the Rodeberg Act, which prohibits prize fight pictures being handled in interstate commerce.

### Cause Of Jews

Asked That Conditions of Absolute Equality Be Granted Jews In New or Enlarged States

Paris.—M. Pichon, foreign minister, replying to a communication from members of the chamber of deputies asking information as to the attitude of France in the peace conference with regard to the Jews of Poland, Rumania and other countries, declares that, from the beginning of the conference, the French government endeavored to secure consideration of the Jewish question and had asked that conditions of absolute equality be granted Jews in new or enlarged states. These efforts, M. Pichon says, resulted in the treaty already signed by Poland guaranteeing complete liberty and equality to Jews in political and religious matters.

## GIRLS! LEMON JUICE IS A SKIN WHITENER

### How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier, as about the cost one must pay for a small jar of the ordinary cosmetics. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

## An Open Verdict

No Proof That Police Fired Fatal Shot in Winnipeg

Winnipeg.—That Mike Sokolowski came to his death during a riot on Saturday, June 21, as the result of receiving a bullet wound through the heart, fired by some person unknown, was the verdict of the coroner's jury sitting on the case. The verdict added that the evidence showed that a number of shots were fired by rioters and there was nothing to indicate that the shot which killed Sokolowski was fired by the police.

## Anarchist Plot In Rome

Central Part of Ancient Capital Was to Be Attacked By Bombs

Rome.—An anarchist plot to attack the central part of Rome by means of hand grenades and other explosives has been exposed by the arrest of sixteen of the conspirators four hours before the time fixed for carrying out their plan.

About the same time thirty anarchists motored to Fort Pantafata, four miles from Rome, and tried to induce the garrison to join in an attack in the Rome market place. The soldiers fired on the anarchists and seized several of them. The others fled. The city remains tranquil.

## Labor Will Try The Polls

Winnipeg.—Leaders in the recent strike have not by any means given up the idea of aiming to secure the establishment of a six-hour day, according to J. L. McBride, business agent of the electrician's union and a member of the strike committee.

## President Wilson Favors Trial

Stated That He Agrees With Decision to Try Ex-Kaiser in London

Paris.—The question of the trial of former Emperor William was on the program for discussion by the Council of Three for several days. President Wilson was still in Paris. Reuter's Paris bureau declares, in an article regarding recent statements by the members of the United States peace mission that Premier Lloyd George's statement on the subject in the House of Commons had come as a surprise to them.

Reuter's, which says its information comes from authoritative conference sources, adds, however, that because of more urgent business coming up, the discussion of the question by the council was postponed. Nevertheless, the agency declares, it is known that President Wilson had expressed himself strongly as to the place for the holding of the trial, and it asserts that there is every reason to believe he was fully cognizant of the decisions to try the ex-emperor in London.

## The King And The Sailor

Jean Bart Was as Ready to Dely Etiquette as to Brave the Atlantic Gales

It was in the Palace of Versailles that Jean Bart, the noted privateer captain, was presented to the French King whom he had served so valiantly. He was the roughest of sea-dogs and as ready to dely etiquette as to brave the Atlantic gales. Jean got tired of waiting for the King, and to the horror of the courtiers, pulled out his pipe and lighted up. Then the King came in, and, not knowing what else to do, told the gallant skipper that he might go on smoking. Then "Jean Bart" said "His Majesty, I have just promoted you to the rank of Commodore."

"Sire," replied Jean Bart, "you have done the proper thing."

## THE TAX RECOVERY ACT

The various Municipal Acts in force in  
the Province provide for forfeiture pro-  
ceedings being taken against land on  
which taxes are in arrears. By these  
proceedings the title to the land is forfeit-  
ed to the Municipality, subject to redemp-  
tion within a year, and if the land is not  
redeemed then it may be sold by the  
Municipality. This method of Tax En-  
forcement has proved to be both expensive  
and tedious, as it requires the making  
out of a Tax Enforcement Return; no-  
tices have to be sent by registered  
mail at least sixty days prior to date of  
the Court at which the Tax Enforcement  
Return is to be confirmed, to all parties  
having any interest in the land and notice  
of Court has to be advertised in the local  
newspaper and in the Alberta Gazette.  
After the Tax Enforcement Return has  
been confirmed additional Abstracts have  
to be obtained, two more sets of notices  
have to be issued and advertisements  
again inserted in the local newspaper  
and Alberta Gazette, giving date of final  
forfeiture. If the land is finally sold, it  
is at least fourteen months from the date  
of commencement of forfeiture proceed-  
ings before the Municipality realizes all  
its taxes, and if, as frequently happens in  
Urban Municipalities, the land cannot be  
sold at all, the Municipality does not re-  
ceive its taxes, and in addition is out a  
large amount spent in obtaining Abstracts,  
printing and mailing special notices,  
advertising date of Court, advertising  
date of final forfeiture and so on.

Because these proceedings were so ex-  
pensive, burdensome and unsatisfactory,  
the Hon. A. G. MacKay, Minister of  
Municipal Affairs, at the last session of  
the Legislature, introduced legislation  
under the name of the Tax Recovery Act,  
which will greatly simplify and reduce  
the expense of the Tax Enforcement  
proceedings in future.

Under the Tax Recovery Act, lands  
on which taxes are in arrears on the first  
day of July of the year following that in  
which they are levied, are liable to be  
sold for taxes and the Treasurer, Assessor  
or Collector, as the case may be, of each  
City, Town, Village or Municipal District  
shall, on or before the Fourteenth day of  
August in each year, submit to the Mayor  
or Reeve of the Municipality, a list of all  
lands that are liable to be sold for taxes.  
The Mayor or Reeve, on satisfying him-  
self that the list is correct, gives the  
proper official a warrant authorizing him  
to advertise for sale all the lands included  
in such list. Such sale is required to be  
advertised once a week for two consecu-  
tive weeks in a newspaper or newspapers  
published in the Municipality, or if there  
is no newspaper published therein, in a  
newspaper circulating in the Municipality.  
Such advertisement must be published  
not less than six weeks before the date of  
sale and is required to contain a list  
of the lands to be sold. In addition to  
the publication of the list as above men-  
tioned, there shall be published once  
during each week after the period of two  
weeks above mentioned, but prior to date  
of sale, a notice of such sale and a state-  
ment as to where the list of lands may be  
seen. Notice of the sale is also required  
to be published in two issues of the  
Alberta Gazette, the last issue to appear  
not less than two weeks before the date of  
sale. No lands, the title of which is vested  
in the Crown, can be included in such  
sale.

Lands so offered for sale shall be sold  
to the highest bidder, and if they cannot  
be sold for the full amount of the arrears  
of taxes and costs, they may be sold for  
a lesser sum, subject, however, to a min-

imum value that may be placed upon  
them by the Council of the Municipality.  
This minimum value shall not be adver-  
tised, but shall be treated by the Treasurer  
as the upset selling price. Any lands  
which are not sold at such a sale shall be  
included in the list of lands offered for  
sale the following year. The purchaser  
at the Tax Sale will only be required to  
pay at date of sale, the amount due the  
Municipality for arrears of taxes and costs  
even if the land is sold for more than the  
arrears of taxes and costs.

As soon as the sale is completed, a  
Return showing the lands sold will be  
sent to the Registrar of the Land Titles  
Office for the Registration District in  
which the land is situated, who shall  
register against such land a Memorandum  
of Sale, so that any prospective purchaser  
or money lender may be protected.

All lands sold at a tax sale are subject  
to redemption within a period of one year  
from the date of sale. Where lands sold  
are not redeemed by the end of the year  
all parties shown by the record of the  
Land Titles Office to be interested in any  
way in the land, will forthwith be notified  
of that fact by registered mail, and after  
a period of sixty days has elapsed from  
the expiration of the redemption period,  
a Return of the unredeemed lands will be  
submitted to a Judge of the District Court,  
who, on being satisfied that due notice  
has been given and that all matters in  
connection with the proceedings are regu-  
lar, shall make such order as to transfer  
as he deems advisable and in accordance  
with this order the Treasurer shall then  
issue transfer to any tax sale purchaser,  
on receiving from him payment of the  
balance outstanding, and such transfer  
shall entitle the purchaser to an indefeasible  
title, except as to claims of the Munici-  
pality or the Crown. Any money paid  
to the Municipality over and above the  
taxes due, shall be paid to the persons  
declared by an Order of the Judge of the  
District Court to be entitled thereto.

By comparing the procedure under the  
Tax Recovery Act with the provisions in  
regard to Tax Enforcement that have  
hitherto been in force, it will be noted  
that under the Tax Recovery Act, it is  
only necessary for the Municipality  
to obtain Abstracts of Title and to send  
notice by registered mail, in connection  
with the lands which are sold and not  
redeemed, whereas under the forfeiture  
proceedings that have been in force under  
our Municipal Acts, it is necessary to  
obtain Abstracts of Title of all lands in  
which taxes are in arrears, to send notice  
by registered mail to all parties shown to  
be interested, then during the year  
allowed for redemption after the land has  
been forfeited, it is necessary for another  
set of Abstracts to be secured and two  
more notices to be sent to each person  
shown to be interested in the land, and  
after all this trouble and expense the  
Municipality in many cases is unable to  
solicit any taxes whatever.

The Tax Recovery Act provides for the  
immediate sale of land for taxes, without  
waiting for a year as required by the  
forfeiture proceedings. If the land can  
be sold at all, this brings in the taxes  
immediately. If it cannot be sold very  
little expense has been incurred. In  
addition to making provision whereby  
Municipalities may obtain their taxes  
more quickly, the Tax Recovery Act pro-  
vides a simple method whereby action  
may be taken at an expense that will not  
be more than one-third of what it was  
under the forfeiture proceedings set forth  
in different Municipal Acts, and if the  
sale results quickly, while if the land will  
not sell, the Municipality has not been  
put to any great expense.

The provisions of the Tax Recovery  
Act will come into force on January 1, 1920,  
and on and after the year 1920 the Tax  
Enforcement Proceedings provided for  
in the Municipal Acts will cease to be  
operative except in so far as proceedings  
instituted prior to the end of the current  
year are concerned.
